

Perfect Hydrolyzed Collagen Non-GMO Certification

We hereby certify that the ingredients used in the **Perfect Hydrolyzed Collagen** do not come and are not produced from Genetically Modified Organisms (GMO) as defined by European Directive 2001/18/EC.

In addition, the collagen for Perfect Hydrolyzed Collagen **is sourced exclusively from Brazilian pasture raised cows** who have not been touched by hormones, antibiotics, chemical fertilizers or pesticides.

We further certify that the Perfect Hydrolyzed Collagen is food grade and suitable for human consumption and conforms to current specifications listed in the **Food Chemical CODEX**. It is regarded as a **GRAS** substance (Generally Regarded As Safe) by the FDA Department of Health and Human Services.

A handwritten signature in black ink that reads "Paul Morelli".
